Revealing Suspicious Activity & Reporting Mechanisms

Athletes and Athlete Support Personnel play a key role in **protecting the integrity of sport**. Any suspicions of doping or related activity can be reported through **REVEAL**, the International Testing Agency's confidential whistleblowing platform.

REVEAL **enables anonymous reporting** in a secure manner while actively supporting the investigation of Anti-Doping Rule Violations or related activities. All information is treated **confidentially** and in accordance with a **strict handling policy**.

Let's keep sport real together!
