These 6 players also benefit from a travel package to attend the World Championships (each package amounts to € 250 to € 800 depending on where they reside).

\* Only doubles from the same country are qualified

### 14 international titles are awarded at each WCS event:

Players have to register **7 days at the latest before the event**.

All players will be able to check their registration on the ITSF website: [www.table-soccer.org](http://www.table-soccer.org) at least 7 days before the event.

The Pro, Semi Pro and Rookie Singles competitions are exclusively open to those players ranked in those categories.

For Doubles events: a player may take part in a competition in a higher category than his/her own if his/her partner is ranked in that category. See next page for details on these 3 categories.

Players have to choose the registration sheets corresponding to their category and they must write down their license number on it. *(Otherwise the registration will be null and void and the registration payment will be sent back)*

When signing their registration forms, players authorize the release of their photograph, video or both, taken during the event, to the FFFT and ITSF. They may be used for educational or promotional purposes, including all forms of media and electronic communications.

Sport dress is compulsory for all players. National team players must wear their national outfit during the National Teams Competition and during ceremonies.

## ➤ Top Seeds

*All Top Seeds are determined using the rankings as they are 4 weeks before the start of the event. These rankings will be displayed on the [ITSF website](http://www.itsf.com) upon reception of the results of the last event to take place before the 4-week span - changes taking place afterwards will not be taken into consideration.*

### Women's competitions

➤ If there are **more than 32 competitors**: there shall be 4 Top Seeds (TS) according to the ITSF World Ranking + 2 TS determined by the host federation (= wild cards). These 6 Top Seeds don't play qualification matches.

➤ If there are **32 competitors or less**: there shall be 4 Top Seeds (TS) according to the ITSF World Ranking. These TS play qualification matches but do not play against each other during that qualifying phase.

### Open competitions

➤ There shall be 8 Top Seeds (TS) according to the ITSF World Ranking + 4 Top Seeds determined by the host federation (= wild cards). These 12 Top Seeds don't play qualification matches.

[www.table-soccer.org/rankings](http://www.table-soccer.org/rankings)

➤ In the Doubles event, points from both partners are added for the seeding.

**OFFICIAL RULE BOOK  
CLICK HERE**

## ➤ Categories

### Rating categories

**Pro** = Top 150 players from ITSF Open Combined Ranking

**Semi Pro** = Players ranked 151 to 400 in ITSF Ranking

**Rookie** = All other players

No-pro women players can choose to play in the Rookie categories.

### Specific conditions

➤ **Women, Senior and Junior players** must choose between playing in their category (WS, WD, SS, SD) or playing in the Open events (OS, OD). Exceptionally, if there are very few competitors in their category (8 or less) players/teams will be allowed to compete in both events.

In that case, the competition in their category shall start 2 hours after the start of the elimination matches in the Open category and shall be played in Single KO. In case of time conflicts when launching matches, the Open event must be given priority. Also if there are 8 or less players/teams in that category (minimum 3), only 50 % of the prize money will be paid out to players. ➤ p.5

### Why pay a referee fee?

Tournament organizers use this money to pay referees who officiate during their event. For more information, visit the ITSF website: [www.table-soccer.org/rules](http://www.table-soccer.org/rules)

This fee does not guarantee players that they will have a referee at all times; it is mathematically impossible to have enough referees in the first rounds of a competition since most referees are also players. If no referee is available, the match must go on or players/teams will be sanctioned (they may both get disqualified) for delaying the competition. However, it is clearly stated in the Referee Code that when a certified ITSF referee registers to play in a tournament, he/she is under the obligation to officiate (except in specific cases).

All referees have to wear ITSF referee shirts displaying their referee level. See referee dress code on: <http://www.table-soccer.org/page/dress-code>

Official Clinics for referees will be held at 9:00 pm on the first 2 days of the event.

### 30 € TOURNAMENT FEE

This fee is included in the packages.  
In the case of fees outside packages, the tournament fee is added only once.

The tournament fee includes the following:  
**Registration fee: 25 €**  
**Referee fee: 5 €**

The tournament organizers use the referee fee to pay the referees who officiate during their event.

Referees receive payment based on their level and number of qualified matches officiated.
