</table>

• In the Men, Women, Junior and Senior Singles/Doubles categories, and in the Disabled Doubles category, the number of qualified players or teams will depend on number of registered players or teams.

• A match is ONLY 1 game, first to 7 (the 2-point difference rule does NOT apply). 1 point is awarded for each game won.

• Each player will compete against 6 to 8 (TBD) different opponents and will play at least 50% of their matches on their table of choice (more where both players have chosen the same table).

• A coin flip shall precede the start of each match:

The player who wins the flip has the choice of table side or first serve. The player who loses the flip has the remaining option.

ELIMINATION:

• A match is best of 5 games switching table after each game, first to 5 on each game.

• In the 5th game, 1 ball is played on the first table, then players play 2 balls alternately on each table until there is a winner with a 2 points difference (no point limit).

• 2 coin flips shall precede the start of each match:

  - the player who wins the first flip gets to choose the side of the table he/she will play on for ALL the games in that match; he/she must play on the same side on both tables.

  - the player who wins the second flip will choose which table is played first or who gets to serve first. The player who loses this flip has the remaining option.

  - The losing player of the previous game will get the serve.
DRESS CODE AND TABLE PICKS

SPORT DRESS:
• A jogging suit (top and bottom) is required of all players.
• The name of the country must be clearly displayed on the players’ shirts and jogging suit; players can also add their names and country’s flag on their shirts and jogging suits, if they wish.
• Players must wear their national shirt during ceremonies and matches; players who do not abide by this rule will not be allowed to compete. Players are strongly encouraged to wear their national sport dress during the whole event, even if they don’t play every day.
• Partners in Doubles events must wear exactly the same sport dress.
• In national team competitions players must wear their national shirt during ceremonies and matches.

* When sending their registration, federations authorize the release of photograph, video or both, taken of their players during the event, to the organizing federation and ITSF. They may be used for educational or promotional purposes, including all forms of media and electronic communications.

TABLES PICKS:
• For the World Championships, qualified players and national champions must choose their table by January 31, 2017, at the latest, except when national championships take place later.
• For the World Cup, national federations must announce the choice of the table for each team (the Men’s, Women’s, Junior, Senior and Disabled teams from the same country can choose different tables) by January 31, 2017.
• Players/teams cannot change their choice of table during the tournament.
If 2 opponents/teams have chosen the same table, they will play on one.
